

## An unforgettable fishing experience at Byske Laxdal

Discover Byske Laxdal and Sweden's largest undeveloped, salmon-bearing forest stream, Byske Älv, one of the few waterways in the country where natural reproduction of salmon occurs. With this experience package, you will also gain access to several other fishing waters rich in species and natural beauty.

### Everything you can imagine in the realm of fishing

Fishing tackle available for rent or purchase. You will get access to a fishing license for all waters in the area plus everything from guides, fly-fishing school, catch statistics and fishing tips to the name of contacts out in the fishing conservation area. The fishing and activity centre is beautifully situated at Laxdalens Camping in Fällfors only a few metres from the flowing waters of Byske Älv. From here you can reach two salmon-bearing streams, which also have a good population of salmon trout and grayling, as well as a number of small lakes with northern pike and other lake fish.

### First-class accommodations

Fresh and modern Scandic Hotell in Skellefteå welcomes you with high standards and good service. In addition, you are within comfortable walking distance of everything you want in the way of shopping, restaurants and other amenities.

### Zesty optional choices

You can also embellish your fishing

experiences with the following eligible activities:

**Boda Borg.** Nerve-tingling House of Adventure inside Vitberget just north of the town centre containing 47 rooms filled with ingenious challenges.

**Bowlingkompaniet.** One of Norrland's most modern facilities which offers, among other things, night bowling with lights fluorescing to trendy disco music.

**Vitbergsbadet.** A tourist magnet with wave pool, jacuzzi, heated pool, child pool and water slide. All framed by green and well-groomed lawns.

**Golf Rönnbäcken.** Golf course in beautiful natural surroundings with 27 holes, large driving range and putting green.

Also with short hole course and "pay & play" suitable for beginners.

**Nordanå region.** Wooded recreation and cultural area just west of the town centre with interesting historical surroundings.

**Varuträsk Mineral Mine.** One of the world's most mineral-rich places and a centre bubbling over with activities such as a quad bike adventure, underground mine, special children's mine and much more.
