

# One journey, two kingdoms and lots of experiences

Part The Golden Kingdom with its exciting cultural and industrial history, part The Kingdom of Cheese with its prized and award-winning Västerbotten cheese. Both of these kingdoms welcome you with a multitude of exciting attractions and activities.

## Day 1

Arrival at Falmark Airport. Bus transfer with guide to Hotell Källan Spa & Conference.

**Lunch in reindeer pasture.** Definitely different with a wilderness motif. Possibility for everything from reindeer petting to roping.

### **Hotell Källan Spa & Conference.**

Popular recreational complex on the southern slope of Västerbotten's highest mountain. The name "källa" (spring) is derived from nearby cold springs that are known for their positive effects on the well-being of people and animals. Today you can taste the spring water directly from a faucet in the restaurant.

**Dinner buffet,** overnight stay. Källan Spa & Conference, double occupancy.

**and cableway film.** The original cable path was 96 km long and built in record time during the intensity of World War II. Today you can do a memorial lap of your own on this monument. You float silently over treetops and waterways through 13 km of undisturbed Västerbotten nature.

**Svanselse Wilderness Centre.** Exhibition and dinner. Nearly 1,500 square metres of experiences with exhibitions featuring nearly 600 wild animals, birds and fish; old weapons; and early trapping and timber floating epochs. The animals are mounted in a highly realistic manner and placed in their authentic environments. Overnight stay Källan Spa & Conference.

Emperor of Cheese's new palace. One day in the 1870s dairymaid Eleonora Lindström of Burträsk made a "mistake," and as a result, a new and unique cheese, Västerbotten's cheese, saw the light of day. Through the years it has received many awards. Now this world-renowned cheese has gotten its own palace adjacent to the dairy in Burträsk that continues to make it after more than 130 years.

### **Lunch at Burträsk Vårdshus.**

**Ånäset cheese storeroom.** At the southern approach from E4 to Ånäset stands the world's largest cheese slicer, a symbol for the Cheese Kingdom's Ånäset and for the Cheese Kingdom as a whole. The cheese storeroom with 100,000 cheeses on shelves is a special experience. Here the cheese spends at least 12 months on shelves before it acquires its characteristic flavour.

### **The Church Town of Lövånger.**

Guided tour of the church town and dinner. The church town is a different tourist and conference facility in an 18th century setting. The church cottages originally were used by farmers for sleeping accommodations while attending church. The oldest cottage known today dates back to 1746.

To Falmark Airport for return home.

## Day 2

Breakfast.

### **Subterranean Church in Kristineberg.**

It began with the discovery of a 2-metre-tall Christ figure on a rock wall deep in the mine. Today, 90 metres beneath the earth, St:a Anna's Subterranean Church serves as an ecumenical church for all kinds of religious events.

### **The world's longest cableway, lunch**

## Day 3

Breakfast.

### **House of Cheese guided tour.** The
